

RESPONDING TO COVID-19

A FORWARD-LOOKING APPROACH FOR YOUR RF NEEDS

The recently extended time frame for social distancing and uncertainty surrounding the true end date leaves many businesses hesitant or unable to move forward with critical projects.

In response to this global crisis, Shimadzu Medical Systems USA is prepared to offer:

- applying 2nd Year Product Warranty at no additional costs,
- customized solutions that will help to keep projects moving forward
- customizable configurations to meet your needs

The current environment is new to every organization; we're facing unthinkable challenges and are being forced to make tough decisions. You have the opportunity not only survive this crisis but emerge better able to serve your patients.
